### BIBLE 8 (LIFE OF CHRIST)

- Bible (\*\* see note below), that student can underline or highlight in.
- Pens/Pencils and highlighter
- Looseleaf paper for assignments (tearing out of notebooks makes a mess on the floor).
- Durable folder or binder to keep assignments in

#### **\*\* Bible Notes:**

VERSION: English Standard Version (ESV) or New International Version (NIV) is recommended for readability and quickly understanding vocabulary in the classroom. If your family/ church prefers a different version like the King James (KJV) and you are comfortable with the vocabulary, please use that.

Mr. Platz will generally use the ESV – which is similar to the KJV – though students may memorize verses from any version. Hardbacks last better than paperbacks in backpacks. To buy any version Bible online, Mr. Platz recommends Christian Book Distributors ([Christianbook.com](http://Christianbook.com)). A simple hardback ESV Bible like you might find in a pew at church is \$7.49 [here](#).

STUDY BIBLE: In the classroom, students will have access to the large ESV Study Bibles which have lots of study aids. You may decide to get your own study Bible, though it is NOT required. One suggestion from Mr. Platz: the smaller ESV Student Study Bible (several types of covers, colors, etc.) available [here](#) for \$21.99.
